

ANTIOCH AGAIN WINS TOURNAMENT TITLE

PROPOSITION FOR GRADE SCHOOL BUILDING CARRIES

Better School Favored by
101 to 22 Against It—
Will Cost \$45,000.

Antioch is assured a new grade school building. The special election held here Saturday evening from 5 to 9 o'clock for the purpose of voting on the proposition for a new school and the issuing of bonds in the amount of \$45,000 to provide the needed funds for the new building resulted in victory in both, the building proposition carrying 101 to 22, and the bond proposal 100 for to 24 against.

Vote Is Encouraging

The vote is very encouraging to school board members and to the entire community, as it is reckoned the opposition voting Saturday represents nearly 100 per cent of those opposed to the new building, while it is presumed, and very reasonably, so, that the favorable vote was voiced by only a small part of those who favor the improvement.

At a special meeting of the board Monday evening the vote was canvassed and accepted and the propositions declared carried.

Bonds Attractive to Investors

Preparations are being made to receive bids at once on the bonds to be issued in denominations of \$1,000 and bearing 4 1/2 per cent interest annually, payable semi-annually. Bonds for this purpose are tax exempt of course, and as they are absolutely safe the proposition is looked upon as being very attractive to the investor. According to the plan the first bond for \$1,000 will be due July 1, 1929, and the last one July 1, 1943.

Bids for the bonds will be received by the school board until twelve o'clock noon, Feb. 20, 1928.

Board in Special Meeting

There will be a special meeting of the board at the school building on Friday evening at eight o'clock. All who are interested in the schools are invited to attend.

Noted Speakers for State Farmers' Institute Next Week

Speakers from ten States and the District of Columbia will address the 33rd Annual State Meeting of the Illinois Farmers' Institute at Waukegan, February 15, 16 and 17. These include many men and women of National prominence in the field of Agriculture and Home Economics.

The three days' program will present many outstanding features of interest to men and women throughout the State. The first day's program will be devoted to dairy subjects, cooperative dairy marketing being the keynote of these sessions. Practical and successful methods of selling milk cooperatively and the demands of the city markets will be discussed in detail by eminent authorities. Herd testing in relation to other cooperative organizations, and some new ideas on Alfalfa and better grass pastures will be considered from the standpoint of the practical dairyman.

Agricultural legislation, farm taxation, development of the Great Lakes Waterway, tariff protection for agriculture, the corn borer situation, rural schools and education as related to the agricultural problem, community development and phases of economic problems now confronting the farmers will be discussed by the speakers of authority during the second and third days of the convention. Farmers, businessmen and civic workers will find something worthwhile at every session.

Joe Nadelhoffer Traps Badger Near Millburn

The second badger to be trapped in Lake county during the past ten years was caught recently by Joe Nadelhoffer on the north fork of Mill Creek in Newport township near Millburn. Mr. Nadelhoffer had his trap set on the farm owned by Stevens brothers. He was very much surprised to find the badger, a fine

New Officials Take Charge of Production at Corona Factory

Walter R. Borman, late of the Parker Pen Co., of Janesville, Wis., and W. J. Baker, the man who developed the Wahl pen, product of the Wahl Co., of Chicago, are the new officials at the Corona Pen Co., of Antioch.

Mr. Borman on Feb. 1, took over the duties of vice president and general manager at the local plant, and on the same day Mr. Baker, master mechanic, was placed in charge of production.

Having in the Corona fountain pen the best product on the market today, and with experts in charge of the various departments, the Company expects to make rapid strides in manufacturing and marketing.

MILK PRODUCERS DEMAND \$3.00 PER 100 LBS. FOR MILK

Pay It or Milk Will Not Be
Marketed States the
Resolution.

At a meeting of representatives of the milk producers of the Chicago Dairy District, held in the Sherman Hotel, January 25th, a report of the Special Committee, which was called to meet the dealers on January 18th, was given by the Chairman.

This report, showing how the dealers agreed to a conference and then evaded it by not being present at the appointed time, so convinced those in attendance, that if they were ever to receive a just price for their milk, positive action on their part was necessary.

As a result the following resolution was passed without a dissenting voice.

"Resolved, that we demand \$3.00 per cwt. for our milk or withhold it from the market. The date of withholding to be determined by Feb. 1."

Meetings are to be held all over the district.

The Milk Producers Association is offering to send speakers to any of the localities where meetings of producers are to be held.

Antioch Grade School Swamps Richmond, 23-3

The Antioch Grade School basketball team visited Richmond on Friday evening of last week where they defeated the Richmond team.

The game started with Krah, Murrie, King, Brogan, and Straug on the floor. Antioch made two baskets right at the start of the game. During the first quarter Antioch made several baskets while Richmond failed to make any.

The floor was small so there were many "jump balls" and free throws. Krah was given several free throws during the first quarter.

Several substitutes were made during the game. At the beginning of the third quarter Nelson took Murrie's place and Fawcett took Krah's place as forward. During this quarter Richmond made one basket, but Antioch made several shots. Richmond did not make any more baskets until the last where they made a free throw. The game ended with a score of 23 to 3 in Antioch's favor. The Antioch boys were served a light lunch which they thoroughly enjoyed.

speelmen weighing 21 pounds in his trap one morning. The last badger caught in this locality was ten years ago, that one also being caught in a trap about five miles farther south on Mill Creek.

Mrs. Ruth Van Patten and Miss Maryette Wilton are spending the week in Kenosha and Waukegan.

Guest Invitation

Mr. and Mrs. Andrew Daigaard and Mr. and Mrs. J. Anzinger are invited to witness "Gleason the Great" at the Crystal Theatre on Tuesday evening, Feb. 14. This is your ticket. Free tickets for four published in this space each week.

BRING SECOND TOURNAMENT TROPHY TO ANTIOCH

ANTIOCH TOWNSHIP HIGH SCHOOL BASKET BALL TEAM

Left to Right: Standing—Coach Watson, Wertz, Murrie, Assistant Coach Kessler. Bottom Row—Shoshan, Stelinger, Captain Spicer, Bernotto, Michell.

Doped to finish third in the tournament, this team defeated Wauconda, Barrington and Warren in succession and romped home with the championship and another trophy for the school's large collection.

LAKES BODIES MERGE FOR IMPROVEMENT OF ENTIRE RESORT REGION

Fox Lake Assn. Is Asked to
Join in Development
Program.

Believing that one large organization can function more properly and effectively than several smaller ones, a joint meeting of committee members of the Lake County Chain of Lakes Plan Commission, which was organized last September, and directors of the C. C. and M. improvement association met in session at the Chicago offices of C. K. Anderson on Jan. 13, to consider the consolidation of the two organizations to represent the entire chain of lakes region.

Fox Lake Asked to Join.

The suggestion met with the approval of representatives and it was moved to place the matter before a meeting of C. C. and M. improvement association. The proposition to merge with these two bodies will also be presented to the Fox Lake improvement association.

Committees were appointed to work out the details of the plan—W. H. Gifford, Wm. Oetting and Geo. E. Mason acting for the C. C. and M. improvement association, and E. M. Hunyard, H. T. Minersman and A. H. Franzen are to represent the Chain of Lakes Plan Commission.

The general plan is to improve the entire region as a recreation and residential center.

ANTIOCH BUSINESS CLUB WILL MEET MONDAY EVENING

Tournament Winners Will
Be Honored Guests at
Feature Program.

After a period of inactivity extending over many months, the Antioch Business Club will meet in a special feature night program and dinner at Worsley's cafe Monday night, according to announcement sent out yesterday by Secretary S. Boyer Nelson.

The program will include a good feed, singing, introduction of new members, reception to tournament winners, and an address—"Building the Hub."

Business Men Take Pleasure Jaunt to City Monday Night

"Carried out to the letter as planned on the schedule," just about tells the story of the recreation trip to Chicago by twenty-three Antioch business men Monday night. A chartered North Shore coach carried the gang first to the 4 Coburn's theatre where they saw "A Night in Spain," then after a very good feed they also saw Chicago after midnight.

Rain and extreme foginess made the return trip rather slow going and the big coach bearing the 23 who had "come, seen, but not conquered," pulled into Antioch at a rather unseasonable hour, but the gang was intact, right side up and none the worse for wear and tear.

Numerous inquiries by solicitous friends have failed to bring forth much satisfactory information. But none have said they did not have a good time. Did they? Hey, Hey, they did—and how.

GOVERNOR LEN SMALL ANNOUNCES CANDIDACY

Declaring for America first with no foreign entanglements, home rule for Chicago, and taking an indirect slap at the United States senate for its rejection of Senator-elect Frank L. Smith, Governor Len Small yesterday formally announced his candidacy for re-election.

The governor gave out the following statement to newspaper men: "I am a candidate for governor at the Republican primaries, April 10. I am for:

- "1. America first, no foreign entanglements.
- "2. Illinois first in prosperity, human progress and humane government.
- "3. The early completion of the Lakes to the Gulf of Mexico waterway.
- "4. Federal government permanent flood control of the Mississippi river and its tributaries.
- "5. Permanent farm relief.
- "6. Government by the people through direct primaries.
- "7. Completion during the next five years of Illinois paved road system, consisting of over 12,000 miles of pavement, connecting every city and village, paid for by the user of the roads without one cent of direct taxation.
- "8. Home rule for Chicago. In the management and control of its traction and transportation problems with full power to negotiate franchises subject to the approval of a majority vote of the people of that city.
- "9. An honest, economical, constructive and humane administration for the people of our state.
- "10. Full, free and equal rights of Illinois as a sovereign state of the union.

(Signed) "LEN SMALL."

FLAG DAY FOUNDER TO SPEAK AT HIGH SCHOOL TOMORROW

Dr. B. J. Cigrand Will Tell
Flag History in Public
Lecture.

Dr. B. J. Cigrand of Havana, Ill., the founder of the American Flag Day Association, will deliver an address at the Antioch high school auditorium at two o'clock Friday afternoon, Feb. 10. Dr. Cigrand comes to Antioch at the instance of the Antioch Post of the American Legion under whose auspices the lecture will be given.

Cigrand is noted lecturer. His address is on the origin and meaning of the United States Flag, wherein he traces the history of our Flag from the earliest days down to the present Flag, illustrating his talk with suitable charts and flags. Dr. Cigrand is widely known throughout the United States as an eloquent speaker. He is prominent in the American Legion and in his profession. He served in the Navy during the World War, is a member of the Library Board of Chicago, a member of the Faculty of the University of Illinois, and has written many books.

Fire Department Saves Two Homes During Past Week

The Antioch Volunteer Fire department answered three calls during the past week. The first, Saturday afternoon at four o'clock, was to the home of Mr. and Mrs. Frank Merrill, the Lester Osmond property, on Lake street, where a fire that had started in the basement was quickly extinguished. Mr. and Mrs. Merrill were not at home at the time, having left for Chicago a short time before the flames were discovered. Considerable damage was done in the basement and to the floors.

The second call was at 6:30 Wednesday morning, when the department was called to Trevor to put out a fire in a residence owned by Win. Oetting. This fire also started in the basement of the house and burned its way up to the roof, doing considerable damage to the upper portion of the house.

Garage Burned Last Night. Fire of unknown origin last night at 11 o'clock completely destroyed the four-car garage at C. W. Martin's residence on the southeast shore of Cross Lake. The building was in flames and far beyond control before the alarm was given, and when the fire company arrived on the scene they confined their activities to preventing the spread of fire to nearby buildings. A Ford truck was burned in the building.

LOCAL FIVE STOPS WARREN TO REPEAT EXPLOIT OF 1927

Spicer Awarded Medal for
Sportsmanship—Chosen
All-Conference Guard.

Picked by Messrs. McFarlane and Ashby, officials who went through entire tournament.

Forward—McClure, Warren
Forward—Hohe, Arlington.
Center—Wichman, Barrington.
Guard—Captain Spicer, Antioch.
Guard—Gee, Warren.
Player showing best sportsmanship in tournament—Spicer, Antioch.

Antioch high school basketball team again are tournament champions of the Northwest conference, repeating the exploit of last year when the local men after a series of sensational games landed at the head of the conference teams.

To cap the trophy Antioch engaged the undefeated Warren township high school team in the final game, which is described as being the best exhibition of basketball ever seen in this locality. Telling how Antioch upset the tournament dope all over the place at Wauconda Saturday afternoon and won the championship by the half-raising score of 16 to 15, the Cook County Herald carried the following account of the final game:

Antioch plays a game of basketball which rivals description. It is different from any other game played by any other team in the Northwest Conference and probably different from most games played anywhere. We often see teams stall to protect a lead in order to win a game, but it is an unusual sight to say the least to see a team stall at the start of a game and even when they are behind. Coach Watson of Antioch seems to have invented a game to suit the particular characteristics of his team and its the craziest game to watch that we ever looked at. But the main thing is, it wins games and as a goat getter, it has never seen anything that came near it.

How any team, used to playing an aggressive, fighting game, can help from going up in the air against that everlasting stall is a problem and when a team get mad enough to go in and break up the stall, the Antioch team lets loose a swift telling offensive that upsets their opponents.

Playing the same sort of game which they used to eliminate Barrington in the afternoon, the Antioch team outstalled and outplayed the Warren long shooters just enough to win in a hair raising finish by that 16 to 15 score.

It was just about the closest game that could be played as far as score is concerned, the count at the quarter being 4 to 4 and at the half 8 to 8. In the third quarter Antioch came out of the stall enough to pile up a 14 to 10 lead at the three quarter mark.

In the final quarter Warren became desperate and rushed the Antioch stallers enough to get possession of the ball and bring their total up to 15, while Antioch's only counter in the final quarter was a field goal, which netted them victory by one lone point.

PROF. KUTIL JUDGES FARM EXHIBITS

S. L. Kutil acted as judge of the farm exhibits at the Waukegan Township Farmer's Institute Wednesday afternoon. He was accompanied by Harold Kennedy, Elmer Monnier, Jasper McCormack, and Oscar Nielsen of the Antioch High School Grain Judging Team.

UNATTRACTIVE HOMES FAULT OF HUSBAND, DECLARES EXPERT

Says Home-making Great-
est Occupation—Husband
Has 'White Collar' Job.

Springfield, Ill., Feb. 9.—"When meals are uninviting and homes are generally unattractive, the husband, not the wife, is usually the one to blame," Mrs. Anna J. Peterson, noted home service expert, told members of the Springfield Woman's club here today.

"Men who have learned the value of machinery, tools and power in their daily work seldom think of providing their wives with home-making equipment," she declared. "You can't make a balanced meal with just a frying pan, or an attractive home with only a broom, any more than you can make an automobile with nothing but a monkey wrench."

"Cooking and home-making are the greatest industries on earth and being a housewife is the world's greatest occupation. Yet, most women are laborers while the American working man, with the industrial equipment he has at his command, holds the family's 'white collar' job."

"No man who uses a micrometer in his work should expect his wife to cook a good meal without measuring utensils, and no man who operates an electric drill or lathe, or commands a steam shovel has a right to deny his wife a vacuum cleaner or modern gas range."

Referring to a "better homes" campaign being fostered throughout the state by the Illinois Federation of Women's clubs, with which the Springfield women are affiliated, Mrs. Peterson declared, "Talk to the men, if you want to improve living conditions in Illinois homes. One cooking demonstration before a man's organization will do more good than a dozen before a woman's club. The men are the providers and, upon what they provide for the use of housewives, depends to a great extent the comfort and enjoyment of home life."

The Springfield meeting was one of many home betterment talks and demonstrations included in the "better homes" campaign being carried on in practically every community in Illinois by over 750 women's clubs affiliated with the state federation, of which Mrs. Walter W. Seymour of Chicago, is president. Thirty-three other states are conducting similar campaigns under the auspices of the General Federation of Women's clubs, the national organization.

BETTER WORK IN SMALL KITCHENS

Critics of present-day tendencies and living habits are wrong in their contention that the small kitchen and kitchenette signify a decreasing love of home in the younger generation, declares Miss D. Dean Dowell, Home Service Counsellor of the American Gas Association.

"The small kitchen has come with the perfection of labor-saving appliances," she says. "It is not the product of flapper-type girls or their low friends."

"While every one knows that labor-saving devices lead to easier house-keeping, the public generally is not aware that these devices have made large and ungainly kitchens unnecessary. Coincident with the increased value of space in apartments and houses, has come the development of appliances that have made it possible to concentrate the workroom of the house into a small and convenient space."

Receive Bids on 130 Miles State Highway

Springfield, Ill., Feb. 6.—Bids have been received by the division of highways, Department of Public Works and Buildings on the construction of 130 miles of state highways, having grading work on 10 miles of high ways and thirty-three bridge sections. The contracts will be specially let with a view of including the work in the program of the present year.

Road sections on which bids have been received are located in Cook, Kane, Bureau, Stark, Marshall, Peoria, Livingston, Douglas, Edgar, St. Clair and Madison counties.

Grading sections are in Carroll and Bureau counties, with bridges to be built in Stark, Bureau, Livingston and Edgar counties.

DO YOU KNOW HIM?

"He drove straight to his goal," fervently spoke the orator. "He looked neither to the right nor to the left, but pressed forward, moved by a definite purpose. Neither friend nor foe could delay him nor turn him from his course. All who crossed his path did so at their own peril. What would you call such a man?" He paused for effect.

"A truck driver," came a knowing voice from the rear.

Good Talkers

J. H. Hudson

J. Heber Hudson, Illinois State Chamber of Commerce, will tell farmers and their friends about "Friendship, Fellowship and Fertilizer," at the noon luncheon, Masonic Temple, Waukegan, on Thursday, second day of the Illinois Farmers' institute.

Miss Carrie C. Williams

Another popular speaker on the program at the Illinois Farmers' institute to be held at Waukegan, next week, is Miss Carrie C. Williams, clothing specialist, Michigan State College, East Lansing, who is going to speak on "Practical Dress Problems" in which she will offer suggestions for clothing the whole family.

SALE OF SCHOOL DISTRICT BONDS Tax Exempt Securities

THIS IS TO INFORM ALL PERSONS INTERESTED that the Board of Education of School District Number 31, Antioch, Lake County, Illinois, proposes to issue school district bonds totalling Forty-Five Thousand Dollars (\$45,000.00) which bonds shall become due in numerical order as follows: One Thousand Dollars on July 1, 1929; \$2,000.00 on July 1st, in each of the years 1930 and 1931; \$3,000.00 on July 1st in each of the years 1932 to 1939 inclusive, and \$4,000.00 on July 1 in each of the years 1940 to 1943 inclusive, said bonds shall bear interest at the rate of four and one half percent (4½%) per annum payable semi-annually.

Bids will be received by the Board of Education of said School District for the purchase of the whole or any amount of said bonds less than the whole. All such bids must be in the hands of M. E. Maplethorpe, Secretary of the Board of Education, Antioch, Illinois, before twelve o'clock noon, of the 29th day of February, 1928.

The Board of Education reserves the right to reject any and all bids so received as it may in its discretion see fit to do so.

WILMOT MILL IS SOLD TO CLAY HARDY

Two Births Are Announced
by Wilmot Couples—B.
B. Team Wins Game

Mrs. A. C. Stoxen is spending some time with Mr. and Mrs. A. Weaver at Sharon. Mr. and Mrs. Weaver announce the birth of a son Thursday.

Mr. and Mrs. Carl Ganger announce the birth of a daughter on Jan. 30.

Clay Hardy of Solon Mills has purchased the milling property at Wilmot from the Wisconsin Gas and Electric company.

There will be English services at the Lutheran church at 10:30 next Sunday.

Mr. and Mrs. Stanley Stoxen spent Sunday with Mr. and Mrs. Weaver.

Mrs. Jamison and Mrs. R. Smith of Milwaukee were week end guests of Mrs. Dolores Brownell.

Mr. and Mrs. Frank Kruckman and Dale motored to Milwaukee Sunday to spend the day with Mr. and Mrs. Zeeb.

The Misses Koppish received word last week of the death of their uncle, Ernest Koppish in Buffalo.

Herbert Gandt fell and broke his shoulder blade last week.

Hazel Madden has been seriously ill with pneumonia and under the care of Dr. Becker.

Arthur Holtdorf was in Chicago for the automobile show Thursday.

Mrs. Pourth of Genoa spent several days last week with Mr. and Mrs. Kimball.

Roland Hegeman and Don Herrick motored to Chicago for the auto show Thursday.

Mr. and Mrs. Kinreed and daughter, Joyce, of Belvidere spent Sunday with Mr. and Mrs. Reynolds.

Mr. and Mrs. Johnson and children spent Sunday with Mr. and Mrs. T. Rush at Bassett.

Mrs. Winn and son returned the first of the week from a visit with relatives at Des Moines, Iowa.

Dolores Brownell was in Milwaukee for the day Friday.

Mrs. E. Ward of Twin Lakes entertained the Hillside club Saturday afternoon.

Mrs. Fred Volbrecht, Mrs. William Volbrecht, Paul Volbrecht, and Edgar Simonson of Antioch motored to Sharon last Wednesday for the day with Mrs. Jane Motley.

Mr. and Mrs. John Harm of Richmond, Mr. and Mrs. Oxyoby of Springfield and Mr. and Mrs. E. Clark of Toledo, Ohio, surprised Mr. and Mrs. Wm. Volbrecht Thursday evening.

Cards formed the evening's entertainment and the visitors also furnished their hosts with an oyster supper.

Mr. and Mrs. J. Carey, James and Grace Carey were in Madison Monday.

Union Free High School

Still smarting over their disastrous defeat of a week before at the hands of Genoa City, the high school basketball team journeyed to Watertown on Friday night and provided that their former victory was no fluke. When the smoke of the battle had cleared away, the score board showed the Wilmot boys on the long end of a 23-21 score. Nor does the score in any sense indicate the superiority of the Wilmot team. The locals started with a bang, cutting three field goals in the first two minutes of play, and from then on they were never headed.

The scoring was almost evenly divided among Shreck, Richter and Mem-

ler, but the brightest feature of the game was the superlative guarding of Captain Mender and Roy Madden.

Next Friday the home team will be host to Union Grove. An added feature of the evening will be in the form of Dad's day. The fathers of all the high school players are to be the guests at the game. Special numbers will be offered in their honor. It is expected that the gym will be crowded to capacity.

A day in court was dramatized in the Sophomore civics class last week. A regular session of court was held, with students taking the parts of judge, attorneys and the like. John Hagerity was charged with stealing one of Blood's cows. After much deliberation, a jury composed of his classmates found him guilty, and sentenced him to one minute of silence.

An advance sale of the 1928 Echo is being held. All copies of the book will be sold at once, and no orders will be filled after the publication has gone to print. Business managers have done well in securing advertising matter from some local merchants and a large number of Koshka concerns.

Dinosaurs Traveled

The Smithsonian Institution says that the bones of dinosaurs are not confined only to the western states. They have been found in Connecticut south through New Jersey, Maryland, District of Columbia and South Carolina, then along the gulf to Mississippi, Alabama and Texas. Most of the specimens are found in the West, beginning at the plains country.

New Mark Set In Motor License Fees

Springfield, Ill., Feb. 6.—From the registration of motor vehicles during 1927 there was added to the state highway fund for the construction of hard roads \$14,839,593. This revenue sets a new high mark in the registration of motor vehicles in the state, exceeding that of 1926 by \$792,384, when the license fees totaled \$14,047,207.

However, the increase in revenue falls about thirty per cent below the increase shown in 1926 over the previous year, when a gain of \$1,110,385 was shown.

Practically 38 per cent of the revenue was derived from the registration of motor vehicles owned in Cook county. From this source a total of \$5,778,102 was reported, a gain of \$491,963 over that collected in 1926.

In the downstate section St. Clair county led for the year with fees totaling \$326,795, with Kane, Peoria, Madison and DuPage counties in the

order listed. In 1926 Peoria lead the downstate section, with St. Clair, Kane, Madison and DuPage following. Forty-five of the counties of the state returned smaller fees for the year than in 1926. Those showing decreases were: Alexander, Bond, Brown, Cass, Clay, Cumberland, De Witt, Douglas, Edgar, Ford, Fulton, Gallatin, Greene, Hamilton, Hancock, Henderson, Jackson, Jasper, Jefferson, Jersey, Johnson, Livingston, Logan, Marshall, Mason, McDonough, Menard, Mercer, Montgomery, Moultrie, Pike, Pope, Pulaski, Putnam, Saline, Schuyler, Scott, Stark, Shelby, Union, Wabash, Warren, Wayne, White and Woodford.

Utah "State of Deseret"

The state of Deseret was the name given by the Mormons in 1849 to their settlement in the present state of Utah. Deseret was taken from the Book of Mormon and meant land of the honey bee. In 1850 congress created the territory of Utah, and the old name fell into disuse.

How many eggs are you getting EACH DAY?

Right in this neighborhood there are folks who are making their hens produce lots of big, fine-flavored eggs at low cost. They feed

FUL-O-PEP EGG MASH

and get more eggs, with less work and lower feed cost. This is the famous feed that contains Cod Liver Meal—makes hens want to lay. Just try it!

LAKE VILLA LODGES INSTALL OFFICERS

Pat Lowry Chief Oyster
Cook at Installation
at Lake Villa.

The members of the M. W. A. and R. N. A. were glad to see Mr. and Mrs. H. P. Lowry of Antioch last Tuesday evening at the installation of officers, where Mr. Lowry was chief cook of oysters. He certainly knows how.

Mrs. J. A. Peterson is spending the week with her mother and sister in Chicago.

Mrs. Beatrice Sherwood, accompanied by her parents, Mr. and Mrs. Wilmington of Round Lake, was in Waukegan on business Friday.

Miss Alice Warner spent the week end with her parents at Whitewater, Wisconsin.

Mrs. Mabel Scott spent Saturday with Mr. and Mrs. H. Potter in Waukegan.

Mr. and Mrs. Jensen and Evor, accompanied by Miss Mabel Scott, visited with relatives in Winnetka.

Mrs. George Helm has been quite ill again, but is improving.

The M. W. A. and R. N. A. held joint installation of officers on last Tuesday evening. Jas. Kerr acted as installing officer for the M. W. A. and Mrs. P. R. Avery for the R. N. A. with Mrs. B. J. Hooper as ceremonial marshal. Elmer Beckwith played the marches. The retiring orator, Lottie Barnstable was presented with a token of esteem, and each officer had a bouquet of flowers. A short program consisting of duets by Elmer Beckwith and Miss Scott, solos by Frances Daube and humorous duets with guitar accompanied by H. J. Miller and Mrs. Swanson were given, much to the enjoyment of the audience. The M. W. A. furnished an oyster supper and all that goes with it, those who cared to, danced.

PERSONAL MENTION

Mr. and Mrs. Lyle Smith and family of Libertyville called on Mrs. Sarah Faulkner Sunday afternoon.

S. J. Strahn called on his brother, John Strahan at the hospital in Waukegan last Friday.

Mr. and Mrs. Sam Tarrant and children, and Miss Angela Thelle of Chicago, were Saturday visitors at the home of Mr. and Mrs. W. A. Rosling.

Mr. and Mrs. E. Ernst of Chicago visited at the home of Mr. and Mrs. W. A. Rosling Sunday.

Among those who attended the auto show at the coliseum in Chicago last week were Andrew Dalgard, C. E. Shultz, Mr. and Mrs. Ira Simons and Mr. and Mrs. M. J. Zimmerman.

Mr. and Mrs. John Thompson of Kenosha visited at the home of Mr. and Mrs. N. L. Nelson Sunday.

Born to Mr. and Mrs. Dan Walsh on Thursday, February 2, a baby boy.

Mrs. Gladys McCammon has accepted a position as clerk in C. E. Shultz & Son's general store, replacing Miss Jennie Potter, who has resigned. Miss Potter departed last Friday for her home in California.

Good brooms, 49c. Chase Webb. Shirts, 99c. Chase Webb.

Big bargains in canned goods. Chase Webb.

Prunes, Santa Clara, 2 lb. package 29c. Chase Webb.

Chase Webb was attending the hardware men's convention in Milwaukee Wednesday.

Herman Rosin and wife have returned from Roseland, Florida. They drove home last week, making the trip in four days, which is considered exceptionally good time for this season of the year when southern roads are in bad condition.

Miss Winifred Green of Cleveland, Ohio, is making an extended visit at the home of her sister, Mrs. George Rhodes.

John Cobb has been ill this week. James Webb and Mike Burke are expected home this week from Florida.

Ted Poulos is spending the week in Chicago, visiting friends and attending to business matters.

Among those who visited the auto show at the coliseum and armory at Chicago the past week were: Mr. and Mrs. L. D. Powles, Mr. and Mrs. Art Hawkins, Robert Selter, Adolph Pesat, Mr. and Mrs. Richard Allner, Dr. and Mrs. W. W. Warriner and Albert Shepard.

Mr. and Mrs. C. K. Anderson are making an extended visit at Melbourne, Florida.

Sam Gilbert, of Chetek, Wis., is the guest of relatives and friends here this week. This is Mr. Gilbert's first visit to Antioch in 21 years.

A Tackles returned Sunday from the West Side hospital, Chicago where he had been for five weeks following an operation performed Jan. 1. This was Mr. Tackles' second operation, the first was on Nov. 13, for appendicitis when he was a hospital patient for five weeks. He is now recuperating very rapidly.

Mr. and Mrs. George Bosomburg of Chicago were guests of Miss Ruth Williams over the week end.

Mrs. Addie Williams returned from Florida Wednesday. Her daughter, Mrs. Elsie Schroeder, and Mrs. Catherine Brand accompanied her home from Chicago.

Mr. and Mrs. Herman E. Rosling, and Mrs. Louise Smart returned from Florida last Thursday evening.

CALL TO LAKE COUNTY

After four earnest efforts, and for the first time in 33 years, Lake County is honored by having the State Farmers' Institute and Department of Household Science.

For the first time in 33 years the committee in charge of the annual meeting have in advance on their energy and enterprise been given a vote of thanks and confidence by the institute directors.

Never before has the thought and untiring effort for a huge success been so outstanding by any county as for this great event.

For the first time—a great free exhibit has been planned, and the State Armory is already taxed to its capacity with varied interesting exhibits.

Lake County farmers, bankers, business men and those vitally interested in the many subjects to be discussed, owe it to themselves, and to their county, not only to attend but urge others to do so.

Let us overflow meetings. Attendance is the one thing left to make previous meetings dwarfed in comparison.

Lake County will never have another meeting. Subdivisions, new towns, and other than farm uses for our present farms will prevent.

When you have an opportunity to honor your county—to show your appreciation to those who have given weeks of their time for your benefit, don't be a slacker!

Read the big ad on page 7 for a part only—of the first day's program. A separate program for the women is on each of the three days.

LET'S ALL GO.

His Winning Ways

When a poor man gets married he knows it is just his winning ways.—St. Joseph Gazette.

Congdon Shows White Visitors Around on Island of Porto Rico

The following letter from L. B. Congdon, who with Mrs. Congdon is wintering in Porto Rico, has been received by Mr. and Mrs. R. Cribb.

I thought that maybe you'd like to hear from this, the queerest of Uncle Sam's possessions. For climate and fruit it's fine. Most of the buildings have only shutters, glass not needed, though most new buildings have glass more for style and looks than necessity. It rains a few minutes at a time now and then, sometimes several times a day, but nobody carries umbrellas. Just step in and doorway for a few minutes and it is over. This island, 34x100 miles is very hilly and mountainous, but they are ploughed and planted to pineapples, tobacco and sugar cane. The cane is ground here and shipped to the states to be refined. Refined sugar is 7 and 8 cents per pound here. The pineapples are shipped north, we only get the over-ripe and culls for 5 cents each, oranges 1 cent each and 3 large for 5c. Big banana's 1c each; large fine grapefruit 3c. Maybe we ain't filling up. The native vegetables are beyond us. The green beans are tough, the lettuce is rather tough and tasteless. Yams are no good to our way of eating, but our tastes are unlike a native's. "forinstance" an American friend of ours gave a native some rich plum pudding one holiday and the native tossed it out, such are tastes. I suppose they'd be disgusted with a Millburn feed. The National dish here is rice, and native's beans, which are much like a very large green pea. Though they often have a change of dish for Sunday, something like this—rice, corn meal, red peppers, beans, and small chunks of small native pig.

They are a dirty lot in their kitchens which are openings in rear of the houses, several houses often open on one general patio (patwa), cement or brick with plaster top. They cook with charcoal as a rule though gas is here. Old 5 gal auto oil cans are much in demand for many and varied uses. Cut the top off and a hole at the bottom of one side and then set in the top a square cast iron counter sunk grate, and that is a charcoal stove, and a good one. They are also used to measure charcoal by the push cart peddlers, who charge 25 cents a can, also used to hold molasses and greases by the poor stores. No 2 tomato cans serve many purposes in a kitchen. The whole outfit is very dirty. Many naked boys, up to 4 years, are seen on the streets. Little girls have at least

a one-piece garment on. The natives are a queer lot, a mixture of Spanish, Negro and native. The Spaniard is about white, the native is a little brownish and the negro is just nigger. They are all mixed up and still intaling, which has provided a mixture of anything you ask for, from light blondes to Albinos with white hair and pink eyes. Immorality is evident from the fact that 67 per cent of the natives are illegitimate and syphilis is only too evident in young and old. A tremendous new insane asylum is nearly full. A big new pen is being built and is badly needed. T. B. and pneumonia take a heavy toll and leprosy is here, but not bad. There are many new and very nice houses (cement and Spanish design) being built in the suburbs.

Much improvement has been made since U. S. took it in 1898. 5000 good schools, but English is only taught after the fourth grade and is making poor progress, because these old Spaniards are still very much Spanish. They don't like English very well, but the younger generations are going to change it by and by.

Ten thousand autos are here and busses are all over the island. The roads are no hair-pinny that the people in the rear seat look in the faces of the people in front of them as they twist around curves. Real fact. I'll swear to it.

Many rivers and some beautiful haciendas. Many orange groves are \$100 per acre. Tire repairing is often done on the sidewalks, while pedestrians go out in the street to pass. Had a good time today, a big tourist steamer with 500 from the north stopped here all day and I showed a few of them about. It seemed good to hear good old U. S. A. gab again. Hope this finds you both in good health. As ever, L. B. Congdon.

WOMAN'S CLUB MEETS AT OSMOND HOME

The Woman's club meeting was held at the home of Mrs. Lester Osmond on Monday afternoon with a fine attendance of members and a number of out-of-town visitors present. The speaker was Mrs. Shipman, of the Home Management and Budget Department of the Davis Store, Chicago. Mrs. Shipman brought with her a beautiful array of drapery materials to show what may be done in a home in the way of color.

Preceding Mrs. Shipman's talk, a piano solo and two vocal numbers were given by Bertha James Carrell. It is always a great pleasure to hear Mrs. Carrell for she sings and plays with the feeling of a true musician. Later on in the afternoon she very generously sang two more numbers, and it was with regret that her audience realized she had finished her program.

At four-thirty refreshments consisting of small cakes, valentine cookies, and coffee were served, following which the guests took their leave, after having spent one of the most interesting and enjoyable afternoons so far this year.

MRS. LEONARD CASE ENTERTAINS CLUB

Mrs. Leonard Case entertained the Wednesday afternoon club at her home on Victoria street. Prizes were awarded to Mrs. James Banks, first; Mrs. Ray Prengner second and Mrs. L. Larso third.

LADIES AID HAS ALL-DAY MEETING AT CHURCH

The Ladies' Aid society had an all-day meeting at the church today. A pot luck lunch was served at noon.

HUNDREDS RIDE IN NEW FORD

The new Ford is here. R. T. Corrin and Richard Allner and staff of mechanics at the Antioch Sales and Service have been busy since last Thursday night demonstrating the new Tudor model, the first car to be received by the local company. One of the new models was displayed here some weeks ago, but no rides were given on that occasion. Up until yesterday over five hundred people had been given free rides in the new Ford and the speedometer showed a little over 500 miles.

"The new Ford has been given every kind of a try-out, speed, get-away, riding quality, and it will do anything any other car in its class will do, and more," Richard Allner said yesterday, discussing with friends Mr. Ford's latest achievement. "And the cost is less," continued Mr. Allner, who anticipates a number of sales when deliveries start.

MILLBURN

A. G. Torfin spent Thursday in Chicago.

Miss Helen Edwards of River Forest spent Thursday with her grandparents.

A son was born to Mr. and Mrs. Lyman Thain on Monday, Jan. 30. James and Louise Gerrity of Mukwonago, Wis., spent Saturday at J. Eichinger's.

Mr. and Mrs. Robert Bonner and sons spent Sunday at George Beaumont's near Kansasville.

Miss Alice Bauman of DeKalb Normal school spent the week end with her parents.

Mrs. Frank Clark of Lake Villa is visiting her son, Arthur.

R. Bonner was in Chicago Monday.

Don't forget the Illinois Farmers' Institute and Department of Household Science to be held in Waukegan Feb. 15, 16, 17, 1928.

The P. T. A. are planning an entertainment to be given at the school on February 21.

The Annual Millburn Community Father and Son banquet will be held at the Masonic hall Wednesday at 7:30 p. m. The supper committee headed by Miss Vivian Bonner has planned a regular Millburn meal, and the program committee has sold 100 tickets. The address of the evening will be delivered by Rev. Ganster of Waukegan. The word for the senior dads will be from Dr. Jamison; for the junior dads by Lyman Thain; for the sons by Lyman Bonner. In addition there will be a comedy "Ding-a-Ling" by six young men, with Kenneth Bauman and Richard Martin in leading parts. Songs will be led by E. W. Mac Nair, the minister. The toastmaster is Mr. Edward Martin. Mrs. Martin and her son, Richard, will play a musical duet. Four "three generation" groups will be guests of honor.

Father and Son Sunday will be celebrated in the morning worship on February 12, at eleven o'clock. A special program of music by the children and the fathers and sons will be included. The sermon will be a message to fathers and sons from the life of Abraham Lincoln.

The Millburn C. E. society will be present in Gurnee at the County C. E. Rally Saturday, Feb. 11, with twenty representatives, headed by Frank Edwards, our county official.

A meeting of the officers and the teachers of the Sunday School was

ODD FELLOWS ARE HOSTS TO REBEKAHS

Members of the Odd Fellows lodge were hosts to the Rebekahs at a five hundred and luncheon party at the Woodmen hall last Thursday night. After the games an oyster supper was served.

SUNDAY SCHOOL WILL GIVE VALENTINE PARTY

The Methodist Sunday School has announced a Valentine party to be held at the church the night of February 14.

MRS. HUNTER IS SURPRISED

Mrs. Sarah Hunter was very pleasantly surprised last Monday evening when several of her friends gathered at her home on the occasion of her birthday. She was presented with a large bouquet of sweet peas. Light refreshments were served.

Antioch Team Brings Second Tournament Trophy to Antioch

(Continued from first page)

The final game was an exhibition of two distinct styles of play, the Antioch stall against the Warren long shots and the stall won.

It was an exceptionally clean game, probably due to the style of play of both teams, which kept the players more scattered than the close offensive and defensive game does.

The long shot game used by Warren is also a heart breaker for an opponent as those Warren sharp shooters hit that cage from the most unbelievable angles and distances.

The defeat of Warren was a hard blow to that unbeaten aggregation and their big host of followers, but it was also a sweet morsel for the Antioch team, which were rated as "also rans" and the frantic horde of loyal rooters, who followed the fortunes of Coach Watson's team.

Wins Way to Finals. The Antioch five won the way to the finals and the championship by defeating Wauconda and Barrington, while their opponents, Warren, were climbing up by putting away Libertyville and crushing the Arlington Heights hopes. Heights had won over Palatine boys who had defeated Leyden in the opener Thursday night.

In the opener here Friday night, Antioch trimmed Wauconda, 23 to 13, in a fine exhibition at the local gym. Saturday the scene of battle shifted to Wauconda for the semi-finals and the championship series. In the opener of the semi-finals on the Wauconda floor Saturday afternoon at 1:30, Antioch downed the Barrington hopes by a 21 to 17 score, the game being described by one sport scribe as "one of the strangest basketball games ever seen in the Northwest Conference."

Barrington could not fathom the Antioch style of play, and at the quarter the score stood Antioch 6, Barrington, 5. At the end of the half Antioch continued to lead 10 to 9. Barrington had evened the score, 14 to 14, at the third quarter. In the final quarter, Barrington, in desperation, rushed in to break up Antioch's tactics and met swift defeat by the final score of 21 to 17.

Spicer Best Sport.

While his team was winning the championship, Captain Spicer was also winning a victory single-handed—a victory over himself for which he was awarded a medal for displaying the best sportsmanship during the tournament series. Winning the sportsmanship trophy was as great a surprise to Spicer as to any one in the tournament, the team captain admitted at the victory celebration at the high school here Monday. "We played the ball and not the man, and every member of the team kept his head right with him all the time," he said.

"Frey, impulsive playing has lost

held on Friday, February 3, at the home of Mr. and Mrs. Torfin. The program of the school for the next eight months was mapped out under the direction of Mr. Harold Minto.

The C. E. society held its monthly business meeting at the home of Miss Lillian Strohal and her parents, on Saturday, Feb. 4.

Dance

Every Saturday Night

Pikeville Corners

HAPPY LANG'S PLACE

games in the past for Antioch." Prin L. O. Bright told high school students and business men assembled at the celebration meeting Monday. "These boys entered the tournament in exactly the right mental attitude, and the result is another championship trophy. The greatest victory achieved by Captain Spicer and his teammates is the victory over themselves."

Coach Watson explained that the style of play used by the Antioch men in the tournament required the utmost self-control; and because of the fact that the boys had mastered themselves another token of achievement will be placed in the well-filled trophy case.

Palatine Comes Saturday.

Palatine meets Antioch here Saturday night. Palatine lost to Warren 27-25 recently and Antioch beat Warren by only 1 point in the tournament, so Palatine and Antioch will have a hard game.

Antioch beat Bensenville Tuesday 26-20.

Churches

Methodist Church Notes

The music heard at the morning worship in the Methodist church is the best that has been heard in a long time. The adult choir of fourteen voices under the leadership of S. E. Pollock, rendered one of the most beautiful as well as difficult pieces by Gounard. Such music is not always heard in the best choirs in the larger downtown churches and the community can rightly feel proud of the work of these, our local people. Next Sunday they will sing the anthem by Carl Pfeiffer, "Consider and Hear Me." You must not miss hearing this. The morning service is at 10:45.

Though worship holds first place in a church service, preaching is essential. To make known God's will is the church's prerogative. What gifts has God given you which you have not yet realized, perhaps you are not aware that you possess them. "True Greatness" is the sermon theme for Sunday around which we will center our thinking. The aim is to answer the question "Am I all I might be?" The Sunday evening service is at 7:30. Mrs. N. H. Tarnow will sing.

Rex Bonser, Mgr.

September Morn was the wisest woman because no one was ever able to get anything on her.

If you are going to make payments, make them on a home of your own.

Don't worry when you stumble. Remember a worm is about the only thing that can't fall down.

He — "Are you free tonight?"

She — "None of that, old boy, we went out on that basis last Friday."

Adjutant John L. Horan, of the American Legion says

that they need a few more members to put the Antioch Post over the top and into the 100% class. How about it, you fellows? The Legion needs you and you need the Legion.

We have some of the finest home plans here in our office. You will enjoy looking them over. You'll find just the home you want.

Antioch Again Takes The Lead The Second Annual Northwest High School Conference Basketball Tournament was held last Friday and Saturday. The first one was held about a year ago. The team from Antioch won in both cases. How is that for a record? Pretty good, we think. Boys, we're proud of you.

We saw H. P. Lowry going down the street with a new hat yesterday. And that is a sure sign of spring.

If you have built castles in the air, your work need not be lost. That is where they should be. Now order some Lehigh Cement and put a foundation under them.

L. O. Bright, local Supt. of Schools, reports that the average grades for the Antioch High School student so far this year are much better than last year. He is not telling us anything, we just feel it in the air.

SALEM YOUTH IS DROWNED IN LAKE

Donald Fletcher Loses Life When Thin Ice Breaks Through.

Donald Robert Fletcher, youngest son of Dr. and Mrs. William Fletcher, was born at Salem, Wisconsin, Dec. 16, 1916.

While skating on Hooker Lake the afternoon of February 2, 1928, he broke through a thin place in the ice and before he could be rescued his life was taken. Donald, at the time of his demise, was 11 years, 1 month and 16 days old.

He was born and reared to boyhood in the home in which his parents now reside in Salem. He attended the Salem Center public school and was in the sixth grade. Donald became a full member of the Salem Methodist Episcopal church, September 1925. He attended the Sunday School faithfully. He was also a member and officer of the Salem Pioneer Boys club.

Donald was a reserved, thoughtful, polite boy. He was cheerful, a boy of budding promise and comfort to his parents. His goodness and kindly spirit were recognized by all who knew him. He was obedient and especially thoughtful of the wishes of his parents. He was unashamed to turn his hand to any task which would help his mother in the tasks about the home. Thoughtful to a degree was this beloved son of eleven years. He was an example of real boyhood honesty and purity to all his playmates.

Donald leaves to mourn his loss a father and mother, brother, William Ogden; other relatives and a host of playmates and friends. Forever gone is, though unseen, The dear immortal spirit's tread, For all the boundless universe Is life—there is no dead.

August Frank of Eagle Lake spent the week with his family. Miss Evelyn Rouse spent Saturday with Kenosha friends.

The Booster Bureau club met with Mrs. Manning Tuesday. Prizes were awarded to Mrs. Hattie Shade, Mrs. Herman Schonscheck, Mrs. Fred Schonscheck and Mrs. Murray. Little Alice McVean who has been sick is much improved.

Mr. and Mrs. Frank Schmidt and daughter, Wilma, spent Sunday evening with Mr. and Mrs. Arthur Newman in Kenosha.

The Racine and Kenosha county Y. M. C. A. officers and their wives will be entertained at dinner in the parlors of the M. E. church Friday evening by the Royal Neighbors.

Mrs. Vanderburg and Mr. and Mrs. Herman Sell visited in Kenosha on Monday.

Mrs. Arthur Bloss and Florence Bloss visited Mrs. Bloss' sister in Chicago Wednesday.

Arthur Bloss, Jr., played basketball at Watford Thursday night.

John Schenck and Milward Bloss attended a Realtors meeting at Libertyville Thursday evening.

Mr. and Mrs. John Milward and son visited at the Bloss home Sunday.

Mr. and Mrs. Julius Krahn and children spent Sunday with relatives at Twin Lakes.

The Prichlins met at the home of Mrs. Win Fletcher Thursday and plans were made for the annual dinner to be given at noon on February 22. The following committees were appointed: Dinner committee, Mrs. Bloss, Mrs. Geo. Thomas, Mrs. Dix, Mrs. Evans, Mrs. Mutter. Table committee, Mrs. Riggs, Mrs. Pickins, Mrs. Bushing and Mrs. Gallant.

Frank Stevens and Howard Johnson attended the benefit card party and dance at Trevor Saturday night.

Mrs. Chas. Schlottman and Mr. and Mrs. Payne of Belvidere spent Sunday at Mr. and Mrs. Fred Besch's.

Charles Frank spent a few days last week with the Aug. Frank family.

Mr. and Mrs. Fred Richards and son, Donald, and Mrs. Carl Richards called on Mrs. Kort of Kenosha Saturday.

Mr. and Mrs. Glen Kersey of Chicago attended the Donald Fletcher funeral Sunday.

Arthur Bloss and Florence Bloss spent Saturday in Kenosha.

Mr. and Mrs. Wheeler and family of South Bend, Ind., Mr. and Mrs. Jas. Frye of Chicago, Mr. Reasoner of Knox, Ind., Doris Fletcher and sister of Chicago, and Mrs. Archie Wood and son of Franksville, Ohio, Mr. and Mrs. Arthur Ogden and Anna Ogden of South Haven, Mich., Eli Jones of Hamlet, Ind., attended the funeral of Donald Fletcher Sunday.

Evolutionary Theory

According to one scientific view, man comes of a stock common to him and the higher apes. It is believed that the divergence of the humanoid and anthropoid types occurred perhaps a million or more years ago.

Big Tree

The largest tree in the eastern hemisphere, if not in the world, is a monster chestnut standing at the foot of Mount Etna. The circumference of the main trunk at 60 feet from the ground is 212 feet.

THE EVOLUTION OF MARINE RADIO!

A Word About the Remarkable Strides Made in the Oldest Branch of the Radio Communication Art, Since the Introduction of the Vacuum Tube.

By T. M. STEVENS
General Superintendent, Marine Department, Radio Corporation of America

Looking back, it seems that marine radio for many years led a staid, dignified and hardworking sort of existence. It got along with the spark transmitter and simple receiver as best it could, even though it might well have cast an envious look landward, where transoceanic radio and radio broadcasting were enjoying the popularity which followed the latest advances in radio engineering. Yet slender threads of communication were established and maintained between ships and shore. Priceless human life and precious cargoes were guarded day in and day out, in the ceaseless stream of vessels over the Seven Seas. Radiograms were hammered out from ship to shore and from shore to ship, in the best ability of the radio operator and at the pleasure of the elements. Then, in moments of grave emergency, marine radio, with such equipment as it had, never failed to rise to the occasion for there

Captain Hartley, S.S. Leviathan Operating Radio Compass

is none braver than "Sparks," the radio operator aboard ocean grayhound or wallowing freighter.

In 1920, the Radio Corporation of America found it necessary to establish a system of coastal stations in order to render prompt and efficient public radio telegraphic service to and from ships. Two-kilowatt stations were installed at New York and Cape Cod. Other spark stations were then in operation, or about to be placed in service, at Cape May, N. J.; Babylon, L. I.; Brooklyn, New London, Newport, Siasconset, Boston, and Bar Harbor. Shortly after, spark stations were established at East Hampton, L. I., and Rockport, Me. Thus we see that there were no less than twelve spark stations in operation along the coast, from Cape May to Bar Harbor. All were operating on only two wavelengths, 600 to 450 meters. Approximately 90 per cent of the traffic to and from ships was handled on these waves. One may well imagine the bedlam of interference to radio telegraphic service caused by so many stations, with broadly tuned spark transmitters, working on two waves!

Tower of Babel Banned

With the advent of broadcasting and its rapidly growing popularity, broadcasters immediately took up channels on both sides of the 450-meter channel of marine radio, and crowded in more and more as broadcasting spread out with its ever-growing list of stations.

A veritable Tower of Babel appeared at hand, while radio broadcasters, for their part, were none too gentle in their comments on the dot-dash messages of marine radio which overflew the 450 and the 600 meter channels, and broke into their midst at the most inopportune moments. But ship operators held a similar opinion of broadcasting programs, which broke up their traffic, so that honors were about equally divided.

It was in these trying times that necessity, as the novelist would have it, gave birth to the vacuum tube transmitter for radio telegraphic work. The first transmitter of this type for commercial telegraphic use in this country was installed at Marion, Mass. It was operated on 2,200 meters, and remotely controlled from the receiving station at Chatham, some 55 miles away. A few of the transatlantic passenger vessels were by this time equipped with either arc or tube transmitting equipment for continuous-wave operation. In short order the shipboard operators, as well as those at Chatham, were astounded at the remarkable distances covered with the continuous-wave vacuum-tube transmitters. The larger ships began to use the long-wave channel almost exclusively for their traffic, and it became necessary to provide additional receiving channels at the Chatham station.

Aid for the Smaller Ships

It will therefore be noted that the use of CW (continuous-wave) vacuum-tube transmitters not only increased the range of marine communications but greatly facilitated the movement of traffic, due to the possibilities in multiplex operation. Also, a heavy load was removed from the shorter wavelengths, aiding the smaller ships in clearing their traffic.

The increased range also made unnecessary the further operation of numerous stations along the Atlantic Coast. The Bar Harbor station practically ceased commercial activities; stations at Rockland, Me.; Newport, Siasconset, New London, Babylon, and Cape Cod were closed.

Elimination of Spark Stations

As the radio broadcasting activities rapidly expanded the elimination of spark stations on land was pushed with all possible speed. The 5-kw spark transmitter at Bush Terminal gave way to a tube transmitter. The Chatham Station was expanded by the addition of two 5-kw long-wave transmitters, installed at Marion, and two shortwave transmitters at the station itself. The Tuckerton station, replacing Cape May, used a 5-kw vacuum tube transmitter. A 1-kw set replaced the 5-kw spark at Boston. The same type set replaced spark equipment at Galveston. Apparatus similar to that of Chatham replaced spark sets at San Francisco, and a special CW set was installed at Los Angeles. The Chicago coastal station for the Great Lakes was provided with tube equipment similar to that at Galveston and New York. And thus all RCA coastal stations did away with spark transmitters, and their former interference with broadcast entertainment. The Army, the Navy and the Coast Guard, during the past year, have also made remarkable progress in eliminating spark interference, so as to round out a nearly ideal condition.

Let me add, however, that the coastal or land station end has been only one part of the huge task of bringing marine radio up to the very peak of present-day efficiency. There has remained the major part of equipping and re-equipping the many ships with the vacuum tube apparatus, so that the advantages of continuous wave transmission might be enjoyed at both ends. It has been no easy matter to discard the hundreds upon hundreds of spark and other obsolete transmitters in use on ships, in favor of the new tube sets. Engineers of the Radio Corporation of America, the General Electric Company and the Westinghouse Company have shown no little ingenuity in converting existing spark sets into tube transmitters.

Vacuum Tube Transmission Wins

The work of equipping and re-equipping in the change from spark to vacuum tube has been going on steadily during the past two years. Already several hundred ships are equipped with vacuum tube apparatus or will be very shortly. Spark signals are becoming a rarity, except for the occasional small foreign ship which comes into an American port and proceeds to squat on the 450 meter or 600 meter channels in unloading its traffic amid a world of broadcast entertainment, and also a few coastal stations still operating with spark transmitters.

Vacuum tube transmission has more than justified the fondest expectations. With the vast increase in distances spanned, ships are now keeping in touch with the land stations on the transatlantic course, even beyond the half-way mark across the ocean. Coastwise ships have little difficulty in maintaining contact with Tuckerton, even to the Caribbean, and beyond. The static-infested Gulf of Mexico finds vacuum tube transmitters getting through hundreds of miles of space in broad daylight, with precision and certainty.

Vacuum Tube Technique

But the climax of vacuum tube technique is to be found at the very elbow of Cape Cod, where the Chatham station stands guard over the transatlantic shipping. Here the visitor finds a brick building, alongside a large hotel, and several brick dwellings to accommodate the station crew. Upon entering the building, the visitor is confronted with the busiest scene imaginable, both to the eye and to the ear. There are rows upon rows of operating tables, some for the radio circuits that extend out to ships at sea, and others for the telegraph lines stretching to the distant main traffic office in New York City, and to the traffic office in Boston. And the scene is most suggestive of a busy telephone central. The operators are seated before tables with high backs containing the receivers—13-tube super-heterodyne sets, working on the Beverage Wave Antenna, some mile and a half long! A supervisor, listening in to all incoming traffic, assigns each operator to a given ship, whereupon the operator tunes in and receives the traffic, pounding away the Radiograms on his typewriter just as fast as the distant ship operator can "shoot" them in. When the Chatham operator's turn comes to "talk," he does so through the longwave transmitter, of which there are two, at Marion, 55 miles away, via remote control wires or through one of the shortwave marine transmitters in a nearby building. A flip of a switch on the operating table throws in the desired transmitter just when it is needed.

That, in brief, is a picture of marine radio today. Surely the oldest branch of radio communication has kept up with the rapid march of radio progress and has made every effort to keep on the toes of its companion, radio broadcasting.

CHRISTIAN SCIENCE CHURCHES

"SPIRIT" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, February 5.

The Golden Text was from John 4:24, "God is a Spirit; and they that worship him must worship him in spirit and in truth."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage. . . . This I say unto you, Walk in the Spirit, and ye shall not fulfill the lust of the flesh" (Galatians 5:1, 16).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Else in the strength of Spirit to resist all that is unlike good, God has made man capable of this, and nothing can violate the ability and power divinely bestowed on man" (p. 393).

To Keep Cocoon

Cocoons should be kept out of doors, where conditions are nearly as possible are similar to those they pick themselves, says Nature Magazine. Protection with netting will prevent destruction by birds. Freezing is not detrimental, and is even necessary to some species, and the dampness of the out-of-doors is desirable.

Uncle Eben

"Old Sam," said Uncle Eben, "is encouraged to hold out so many threats to sinners that he fast thing you know he's gladder pose as a reformer."—Washington Star.

BRISTOL PIONEER RESIDENTS ANSWER FINAL SUMMONS

**Equitable Fraternal Union
Holds Annual Oyster
Supper Saturday.**

Mrs. Emily Gunter, 77, a pioneer resident of Kenosha county, died on Thursday afternoon at the home of her daughter, Mrs. George Shepherd, in Kenosha. She had been ill for several months. Mrs. Gunter was born in Salem, Wis., October 11, 1850. She was married in 1869. Her entire life was spent in Kenosha during which time a considerable portion was spent in Bristol township among relatives. She was a member of the Congregational church in Kenosha and the W. R. C. at Union Grove. She is survived by two brothers, and one daughter, Mrs. Shepherd of Kenosha, besides nine grandchildren, and numerous other relatives and friends. The funeral service was conducted Sunday afternoon at Parla Corners M. E. church with Rev. G. R. Gady of Kenosha officiating. Interment at Parla Corners cemetery.

On January 31, tidings reached Bristol of the death of Mrs. Barbara Fritz of Ireton, Iowa. Mrs. Fritz will be remembered by many of the older inhabitants, as being the eldest daughter of the late Mr. and Mrs. Casper Struck, pioneer residents of Bristol. She was born in Bristol on December 27, 1851, and grew to womanhood here. She was educated in the Bristol schools. On November 30, 1869, she was united in marriage with Michael R. Fritz of Brighton, Kenosha county, Wis. After their marriage they went to Blackhawk, Iowa, to reside, later locating at Ireton, Iowa, which became their permanent home. Mrs. Fritz died at her home on January 31, 1928, aged 76 years. She leaves to mourn her loss three sons and two daughters, namely John, Frank, Burton, Katherine and Lella Fritz, all of Ireton. Also two grandchildren, Harold and Robert Fritz and two sisters, Mrs. Henry Mitter of Salem, Wis., Mrs. Willis Upson of Bristol, Wis., also one brother, Frank Struck of Lakeview, Oregon. Her husband preceded her in death 37 years ago. Funeral services were held on Friday, Feb. 3. Interment was in the family plot at Le-mars, Iowa.

The Bristol Equitable Fraternal Union held their annual oyster supper at the Frank Tourtelotte home Saturday evening. About forty were present. Mrs. Tourtelotte and Mrs. Weidman, committee on entertainment, provided a card party after the supper at which "500" and ruck were played. Mrs. Maude Walker and J. R. Smith won first prizes and Mrs. Charles Selby and George Gilmore, the consolation prizes. High score in ruck was received by Mrs. Nettle E. Gethen and John Higgins; low score Mrs. Elsie Gilmore and E. E. Powell.

Seventeen relatives and friends of Mr. and Mrs. J. A. Walker met at their home Sunday to give a surprise to Mr. Walker in honor of his birthday. A fine dinner was served and a pleasant afternoon was spent. The guests were from Kenosha, Millburn and Bristol.

Mr. and Mrs. Clarence Curtis of Kenosha were Sunday visitors at the Bishop and Fox homes.

Mrs. Samuel Firehow entertained at a dinner Wednesday. Among the guests present were Mrs. Eleanor Jones, Mrs. Jessie Chumley and Mrs. Samuel Knapp.

Mrs. Thomas Garland, who has been ill the past week is on the gain.

Mrs. Henry Kori and Mrs. Gethen of Kenosha were visitors at the Selby home Friday.

The Louis Krohn family spent the week end with his mother in Harvard, Ill.

Miss Louise Meredith is curing for Mrs. Emory Bishop, who is ill.

The Bristol Ladies Aid society will furnish a supper Tuesday evening, February 14, in the Masonic banquet hall to which all are invited. Will begin serving at 5:30 p. m. and continue until all are served.

Miss Mahel Otto gave a birthday party to several girl friends recently.

Mrs. C. H. Reasoner of Knox, Ind., spent Saturday and Sunday at the Charles LaMeer home and attended the funeral of her cousin, Harold Fletcher in Salem Sunday.

The Bristol P. T. A. have secured two speakers from the North Shore electric line, one of which is Jack Oliver, engineer of the Chicago, North Shore and Milwaukee R. R. Co. Both will speak on "Safety." Isaac Griffith has promised some of his choice solo selections with banjo accompaniment. Other musical numbers are expected.

Miss Dorothy DeVuyst spent last week at home.

Miss Olive Collins of Stevens Point, visited Mrs. Leslie Firehow on Wednesday and Thursday.

Mrs. Ada Dixon is visiting Mrs. Charles Gorr, in Kenosha.

Mrs. Mark Castle has returned

Christmas Presents and Things That Can Be Made

ONE of the annually recurring problems of the Christmas season is: "What unusual and attractive gifts are simple and inexpensive enough for the children to make?" Here are a few suggestions:

Among the easiest is a lovely perfume bottle by sticking an apple with cloves until it is completely covered, and appears to be a brown bulb. It will last for years, lending a delicate fragrance to lingerie or handkerchiefs. The hostess who entertains often will welcome a scrap book of party ideas, games, refreshments, etc., which may be clipped from the newspapers and magazines. These may be grouped as to seasons—Christmas, Halloween or Thanksgiving. How-to-do-some thing items and recipes also make good collections. The latter may be either arranged as menus or blessed as soups, vegetables, etc. These books should preferably be of the loose-leaf type, and in any case, the pages should be numbered and the items indexed.

A dainty pinholder may be made from six empty match boxes, pasted together to form a chest of drawers. Cover the front and back of each inner box, glue the outer boxes together, and paste a colored cover around the top, bottom and sides. If cloth is used, unless it is exceptionally heavy, it will be necessary to paste a cover of white paper on first, so that the printing on the match boxes will not show through. To each drawer attach a hook, snap, button, pin, etc., to serve as a handle and to indicate its contents.

Not alone women, but men, too, appreciate handkerchiefs. Some are made of crepe de chine or georgette and edged with lace. Colored threads may be drawn in them, although this work is easier in pounce or linen. To make them exceptionally distinctive and personal, in place of an initial or monogram, trace and embroider the signature of the person for whom they are intended.—Helen Gaisford.

home from Kenosha improved in health.

Mrs. Wm. Bennett has been ill the past week.

Mr. and Mrs. Clara Bryant spent Saturday in Racine.

Mr. and Mrs. Roland Benedict entertained the following for dinner on Sunday night: Mr. and Mrs. Clarence Benedict of Kenosha, Mr. and Mrs. Marshal Bishop, Mrs. Jessie Chumley and son, Edward.

Alfred Maaske of Watertown spent last week with his parents.

Fred Grulich is learning the harness making trade of Ed Pike.

Miss Elizabeth Dickenson is staying at the Frisbie home during the absence of Miss May Frisbie, who has gone to South Dakota, for a short time.

Clifford Jacobson in company with Eugene Hartnell, Elwin Manning, Julius Krahn, Orville Riggs, Frank Dixon and Arthur Felkamp of Salem attended the auto show in Chicago on Tuesday evening.

The Postman Was Loaded With a Burden of Love

"WELL, John Tracy, you look like old Sam, himself," smiled Postmaster Briggs to John Tracy, the veteran mail carrier of the Heights section of Midbury.

"I not only look like one but I feel decidedly so, for a funny thing happened today." Tracy's face was wreathed in smiles as he walked across to his locker and dropped his cargo of mysterious looking packages within.

The gang was all curiously, but he kept them guessing while he took his time locking up the steel cabinet and seating himself for a moment's rest.

"My customers," as he always termed his patrons or the community which he served, "planned a job on me. They appointed a committee, I understand, to interview every family on my route. They asked that everyone refrain from mailing one thing this morning, that I would be empty handed unless it be a present for me. For a couple of blocks I didn't know what to think, but at almost every house I found a package for me, and then I began to get wise. So—to make a long story short—I carried nothing back with me but things addressed to myself. But, Briggs, it sure was a burden of love! Gosh, I didn't dream folks thought that much of only THEIR POSTMAN!"—L. B. Lyons.

Noteworthy Immigrant
The first Rockefeller, John Peter, emigrated to America from Germany in 1723.

Counting the Chickens

"Have you finished your Christmas shopping yet?"

Believe It Or Not

Son: Mother who put the statue under the kitchen sink?
Mother: Hush, sonny, that's the plumber.

Hoe—Ever see a worse fog than this?
Haw: "Yes, once."
Hoe—"Is that so, where?"
Haw—"It was so foggy I couldn't tell where it was."

Mistress: "I saw the milkman kiss you this morning. I'll take the milk in myself after this."
Janet: "It won't do and good man. He promised to kiss nobody but me."

One of the very difficult prospects encountered by the advertising man in the smaller places is the merchant who says, every one knows my place of business and can come to me when in need of my goods; why should I waste money on advertising? The advertising man may be able to make an impression on him by comparing his situation with that of the newspaper. He says, every one in this community knows all that happens here; what's the use of reporting the news; what's the use of printing a newspaper?

If the community can get along without a newspaper, it can get along without a number of other things. The adults are educated and can teach the children, thus doing away with the need of schools. The parents, being religious, can train the younger ones in the creeds, thus doing away with churches and ministers. People can loan their money to one another and thereby eliminate banks. They can swap their old clothes or learn how to make home spins, thereby greatly reducing expenses and actually putting the clothing merchants out of business. Put to the necessity they can hew out their own lumber and build their own houses. Many of them can produce sufficient food to sustain them, thus doing away with most of the meat markets and grocery stores. Things can be reduced to such a basis that the aforesaid non-advertising merchant will find no need whatever for his services and can shut up shop.

All trade is based upon a desire for goods. Necessity is, mostly, but an augmented desire. Advertising has the function of reminding people of their requirements, but its greatest function—a prime factor in all progress and prosperity—is the creating of new desires; thereby stimulating trade and production and making for the greatest possible degree of employment. The advertising merchant greases the wheels of commerce and is a distinct advantage to the community in which he lives. The non-advertising merchant contributes very little to it; in fact, he is more likely to be a detriment than an advantage to his community. He contributes to antiquation and backwardness.

Among the unprofitable businesses to conduct is a gift shop in Scotland. I've been with girls from every land. And boy, I'll say they're fine! But this will always be my creed—To love them all but marry none. A conductor is a brave man. He tells every one where to get off. Spring Poem The breath of spring is in the air It's here, it's there, it's everywhere Some say it smells like appetizer—To me it smells like fertilizer.

White poets go zig zig Of April's lovely flowers, We wish friends would give us Sub haggerchief showers.

Charm in a woman is the power to make every woman appear dull. Inscription on Tombstone Here lies Samuel Jay He died maintaining his right-of-way.

"Just one more glass, boys, and then we'll all go home," said the dishwasher as he laid down the soap.

Three Cows In Cast of Play to Be Given Here February 29th

'Joe Guess Runs a Boarding House' is the name of a play to be given here. It is not a motion picture as many supposed, but is a play with five real characters: Joe Guess, Bob Profit, and three cows, Molly, Boss and Susie.

This is the same play that was given twice a day for six days at the National Dairy show this year. It has also been given at Farmer's Week Programs and other big meetings.

The purpose of the play is identical with that of a lecture: namely, arouse an interest in better feeding methods among the farmers and dairymen, showing how they can produce milk at a lower cost per gallon. But the facts are dressed into an interesting form with plenty of sketches of comedy to make it an evening of entertainment as well as information.

The play is free. It is being given under the auspices of the Agricultural Department of the Antioch High School and Antioch Milling company. It will be held on Wednesday, Feb. 29, 8 p. m. at the Auditorium of the Antioch High School.

WHITE SWAN

Silver Lake, Wis.
Kenosha, County

Started Great Work

On August 30, 1890, congress enacted a law providing for the endowment of colleges of agriculture and mechanical arts. The money for this was to come from the sale of public lands, and the amount to be expended was \$25,000.

From Tadpole to Frog

The bureau of fisheries says that the length of time that it takes a tadpole to become a full-grown frog depends entirely on the type of frog. For example, for a bullfrog about two years and for a tree frog anywhere from 50 to 90 days.

Overture's Position

Overtures have been written as independent orchestral compositions, but the overture has usually been composed as a prelude or introduction to an oratorio or opera.

Said by Shakespeare

"Tis the mind that makes the body rich.—Shakespeare.

\$5 For a Name

We will give \$5.00 in gold to the person furnishing us with an appropriate name and slogan for our new bread wrapper. The slogan should pertain to quality, wholesomeness and cleanliness.

All suggested names and slogans must be received by February 15, 1928.

The winner will be announced in the Antioch News on Feb. 23.

This contest is open to young and old alike.
